PEDESTRIANS

Cross Carefully

- Cross only at marked or signaled crosswalks.
- Do not assume drivers can or will stop. Poor visibility, glare or icy roads may make it hard for a driver to stop quickly. It is the responsibility of the pedestrian to ensure that it is safe to proceed across the roadway.
- Watch all lanes you must cross. Even though one vehicle has stopped, vehicles may pass in another lane or in an opposite direction.
- Watch for cars that are turning or backing up.

Be Seen

- Do not assume a driver has seen you. Establish eye contact with the driver before entering a crosswalk.
- Wear bright clothing in the daytime and reflective materials at night.
- Be aware of conditions that may make you difficult to see. Bright sunshine, snow, rain, dim lighting or darkness all require extra caution.

Transit Tips

- Make sure your bus has come to a complete stop before boarding or exiting.
- Hold the handrail when boarding or exiting to avoid falling.
- Do not cross in front of a bus after exiting. Let the bus drive away, and then safely cross the street.

BIKERS

Ride with Caution

- Ride with traffic, not against it. Ride as far to the right as possible.
- Use appropriate hand signals to communicate your turning movements.
- Obey all traffic signs and signals.
- Scan the road for hazards such as potholes or debris.
- Watch for cars that are turning, backing up or opening doors.
- Yield to pedestrians.

Be Seen

- Be courteous by warning others with a ring of your bell or a friendly greeting.
- Wear bright colors during the day. Wear reflective gear and use reflectors and/or lights at night.
- Ride straight in a predictable manner.
- Signal before changing directions.

Transit Tips

- Bike loading on RFTA buses is available on a first-come, first-serve basis during the summer months. A fee of \$2 per bike is charged.
- Not all bus stops allow for bike loading. Call 925-8484 ahead of time to plan your trip.
